

BROADEN YOUR IMPACT

Your investment in the University Libraries supports every student across every discipline. The libraries are the intellectual hub where all fields intersect—fueling discovery, strengthening academic achievement, and expanding equitable access to knowledge. Every gift makes a difference. Library Giving Societies recognize cumulative annual giving while encouraging sustained investment in the libraries' highest priorities.

LIBRARY ANNUAL GIVING SOCIETIES

<https://library.unm.edu/>

KNOWLEDGE BUILDERS \$1,000 TO \$4,999

Acquisitions, Collections & Access

Knowledge Builders expand and strengthen the libraries' collections, ensuring students, faculty, and researchers have access to essential resources for learning, teaching, and discovery. Support fuels the acquisition of books, journals, databases, and digital resources, while also enhancing access to unique publications from UNM Press that reflect the scholarship and stories of New Mexico and the Southwest.

*"The only thing that
you absolutely have to
know is the location of
the library."*

— Albert Einstein

STUDENT SUCCESS ADVOCATES \$5,000 TO \$9,999

Student Success and Experiential Learning

Student Success Advocates champion programs and services that empower students to thrive academically and professionally. Support enables innovative learning opportunities, access to emerging technologies, expert research assistance, and dynamic spaces that foster collaboration and discovery.

Additionally, this level strengthens hands-on, experiential learning through the OILS program (<https://oils.unm.edu/>), where students engage directly with real-world challenges in librarianship, data, and information sciences.

HERITAGE GUARDIANS \$10K+

Special Collections, Archives & Cultural Preservation

Heritage Guardians play a vital role in preserving and sharing the rich cultural, historical, and intellectual record entrusted to the University Libraries. Support sustains the acquisition, preservation, digitization, and accessibility of rare and unique collections, archival materials, and special publications that document the history and diverse cultures of New Mexico and the broader Southwest.

Library donor recognition levels reflect a donor's **total cumulative giving during each calendar year**. Gifts may be combined to reach a recognition level—for example, two gifts of \$500 during the same calendar year qualify for **Knowledge Builders**.

Recognition and associated benefits are renewed annually through continued support, celebrating your ongoing partnership in advancing library collections, student success, innovation in information sciences, and the preservation of our shared cultural heritage.

Whether your annual gift is \$25, \$250, or \$25,000, your generosity helps strengthen the libraries' mission and is deeply appreciated. The Giving Societies are simply one way we recognize donors whose annual cumulative giving reaches these milestones.

KNOWLEDGE BUILDER *Engagement Opportunities*

- Annual impact report highlighting acquisitions
- Invitation to donor appreciation reception
- Recognition in bi-annual library e-newsletter and print newsletter
- Early registration for library lectures, exhibits, and special events

STUDENT SUCCESS ADVOCATES *Engagement Opportunities*
